Superintendent of Schools

I am pleased to welcome you as a Volunteer in Polk Schools. Your commitment to education offers students an opportunity to have the individual attention so vital to their education and personal development.

The School Board of Polk County is proud of the community involvement in our schools. Last year, more than 31,000 volunteers shared more than 1,700,000 hours of service to our schools, representing a donation of more than \$17 million.

In Polk County, volunteer approval is a privilege. As an approved volunteer, you are a role model for students. You are expected to operate within the boundaries of school board policy and serve at the discretion of the local school.

As a volunteer, you will be assisting school staff to provide an enhanced educational experience for students. You are an important part of the total instructional effort. Teachers and students will be counting on you. Be sure that you take seriously your responsibilities as a member of the educational team.

I hope that you will find your volunteer experience rewarding. Become an advocate for our district by sharing your positive experiences and encouraging others to become involved.

Sincerely,

Gail F. McKinzie, Ph.D.

Volunteers In Polk Schools

Sign In Procedure

It is critical for school safety that schools have a record of your presence on campus. Your cooperation enables us to locate you in case of an emergency, provide Workers' Compensation coverage if you are injured, and verify volunteer service as work experience or for court documentation.

The school volunteer coordinator will show you where the VIPS volunteer log-in computer or sign in book is located. **Logging in is required each time you volunteer.**

Volunteer Hours

Keep track of your volunteer hours! Volunteers and schools are eligible for Florida Department of Education awards based on their total number of volunteer hours.

Volunteer hours performed off site are important. Report offsite hours to the volunteer coordinator who will add the hours to your record.

Conduct

Students look to you as a role model. Your appearance in dress and grooming must be appropriate and comfortable. Your manner must be respectful, civil and cooperative. Volunteer privileges will be suspended or revoked for failure to abide by Polk County School policies.

Cell Phones

Volunteers follow school board policy for cell phone usage on school grounds.

Discipline

Discipline is to be left to the school staff. Any problems should be reported to those in authority.

Volunteers In Polk Schools

Classroom Responsibility

As a volunteer, you are never to be left alone with a student or group of students. If you are asked to do so, please remind the staff member of the policy and report the request to the school volunteer coordinator.

Children Not Registered at the School

Volunteers may not bring preschool children with them on volunteer assignments. The school cannot assure their safety while the volunteer is giving undivided attention to their volunteer tasks with students.

Absences

Students depend on you. Do your best to be prompt and dependable. If illness or an emergency arises, please call the school office and ask that the teacher be notified that you are unable to volunteer on that day.

If your assigned teacher is absent, check with the substitute. If the substitute is not prepared for you, report to your volunteer coordinator who will reassign you.

Student Emergencies

It is the responsibility of staff to care for sick or injured children. Volunteers do not provide medication for students. Contact school staff who will initiate proper procedures.

Ask for Help

If you need more instruction in order to perform a task, just ask. Establish a method of communication with the teacher, either written or verbal. If you need to change your assignment, contact the school-level or district volunteer coordinator.

Volunteers In Polk Schools

Working with Individual Students

- Introduce yourself and tell the student why you are there and when you'll be volunteering. Learn the student's name and how to pronounce and spell it.
- Get acquainted. Find out what interests the student. Tell him some things about you. While you establish rapport, be patient. It may take time for you both to feel comfortable. Your words and actions let the student know you care.
- Be dependable. You are modeling responsible behavior for students.
- If you must be absent, call the school and ask that the student be told you cannot come that day. The student will be disappointed but reassured that you care enough to call.
- Build the student's self-confidence. Praise your student specifically and frequently. Accentuate the positive; minimize the negative.
- Let the student know that making mistakes is a normal part of learning. Don't be afraid of making mistakes yourself. We learn from mistakes!
- Listen attentively, but keep the student focused on task.
- Keep your explanations short and clear.
- Give students extra time to think so they can discover the answer to the question.

Do not get discouraged if you do not see immediate change in the students' attitude or academic achievement. Their present situation has been building over time, and it will take time to change it. You ARE making a difference, even though you may not even be around to see the positive results.

School Board Policy

Background Screening (6Gx53.3003 VI.D.1)

Volunteer applicants provide necessary information to undergo an FDLE background screening before being approved.

Workers' Compensation (6Gx53.3003 VI.D.5)

Volunteers on the approved volunteer list are covered by Workers' Compensation when they are serving in a school-sponsored activity.

Florida Statute 1002.22 protects the rights of privacy with regard to student information and records, to include academic performance, grades, test scores, attendance and discipline records, health data, family background data, ratings and observations from teachers and guidance counselors. This information is confidential and is not to be discussed with anyone other than designated school staff. **Failure to respect privacy rights of students has legal consequences.**

Appropriate physical contact includes handshakes and hands on shoulders. Volunteers may not have individual contact with students outside of school hours.

Florida legislation has a clause which states that volunteers acting in "good faith" cannot be sued.
